ELECTRICIANS MUST READ PRIOR TO INSTALLATION

- WARNING: RISK OF ELECTRIC SHOCK

- Product must be installed by licensed electrician.
- Product designed for Industrial purpose only.
- Disconnect or turn off power before and during installation.
- Verify that supply voltage is same as rated luminaire voltage.

- WARNING: RISK OF ELECTRIC INJURY

- Wear gloves and safety glasses at all times whilst handling the luminaire.
- Avoid direct eye exposure to the light source while it is on.

- WARNING: RISK OF BURN

- Avoid touching any external surface of the luminaire when in use.
- Allow the luminaire to cool before handling.
- Follow all manufacturer's warnings, recommendations and restrictions.

- CAUTION: RISK OF FIRE

- Keep combustible materials away from luminaire.
- Do not operate in close proximity to persons, combustible materials or substances affected by heat.
- Building insulation must not cover this luminaire.

- CAUTION: RISK OF PRODUCT DAMAGE

- Remove protective film on reflector lens and luminaire.
- If the external flexible cable or plug of the luminaire is damaged, return to manufacturer for repair or replacement.
- Ensure the product is not exposed to heat, chemicals or sharp objects.
- If the product is damaged, contact the supplier for maintenance or replacement to avoid hazards.
- Do not mount or support luminaire in a manner that can cut the outer sheath or damage wire insulation.
- Only use the luminaire in its intended location.

- ELECTROSTATIC DISCHARGE (ESD):

- ESD can damage LED fixtures. Personal grounding equipment must be worn during.
